

Covid 19 Procedures for Travelling Participants

The below listed procedures are what we will need to have a seamless event. We request for your unalloyed cooperation towards these arrangements put in place.

1. Your covid 19 test result or certificate should be sent to us before leaving your country of origin for confirmation with the NCDC
2. Also book for a covid 19 test to be done in Nigeria before departing the country of origin. We will share details of our covid 19 test partner to enable you to choose correctly the centre for the testing.
3. The test Centre in Nigeria will be at the venue to conduct the test during the expo with the results made available with the stipulated time before the departure date.
4. We will have the presence of the NCDC and the Lagos safety commission to coordinate the crowd control and ensure that the safety protocols are maintained.
5. Our venue, Landmark event centre is well prepared to host us, as all safety protocols have been put in place from entry to exit.
6. Our one way entry and exit points will be clearly marked at different strategic locations of the venue.
7. Our registration point is well structured to monitor the number of persons in the hall at different hours. This helps in crowd control as well.

The health and safety of the community is of utmost importance to us the organisers of the Megaclima West Africa.

The clear engagement with key health and safety management stakeholders makes this action the only prudent course for us.

Please know we worked day and night to do everything possible to ensure we provide a world-class and safe event.
